We Meet You Where You Are

Vendor Neutral

Scalable Solutions

Guided Implementation

Ongoing Support

*ATIVO*ERP

Bridging people, process, and technology for smarter decisions

Simplifying operations through ERP and automation

Turning technology into a real advantage

Introduction to the New World

The pace of technology is redefining what businesses expect from their systems

Then vs. Now

- Traditional ERP: long timelines, rigid processes
- AI-assisted ERP: faster deployment, less manual configuration

Where AI Stands Today

- AI is streamlining system builds, deployment, and support
- Less disruptions

Where Things Are Headed

- Predictive automation
- ERP evolving into continuously improving platforms

Subscriptions & ERP Pricing

- Subscription pricing is replacing traditional models
- Businesses are rethinking how they budget for and scale their systems

How Attivo is using AI to Tackle the Challenges of ERP Implementation

Data Migration

Change Management

User Adoption and Training

Affordability

Project Duration

✓ Data Migration

- Data Cleansing in Advance
- Automated Configuration
- AI-Assisted Conversion

✓ Change Management

- Process Mapping
- User by User Change

✓ User Adoption & Training

- Built for Ease of Use
- Personalized to the User
- Old vs. New, Side by Side
- Role-Based Training

Affordability

- **Reduced Implementation Costs**
- **Minimized Errors & Rework**

Project Duration

- **Accelerated Configuration & Testing**
- **Faster Issue Resolution**
